AN INTRODUCTION TO

FLISP

Finance Linked Individual
Subsidy Programme

FLISP enables qualifying beneficiaries to reduce the initial mortgage loan amount or augment the shortfall between the qualifying loan and the total house price

What is FLISP?

Finance Linked Individual Subsidy Program, better known as FLISP, was developed by the Department of Human Settlements to enable sustainable and affordable first time home-ownership opportunities to South African citizens and legal permanent residents earning between R3 501 and R15 000 per month, (the “affordable” or “gap” market).

Individuals in these salary bands generally find it hard to qualify for housing finance; their income is regarded as low for mortgage finance, but too high to qualify for the government “free-basic house” subsidy scheme.

What to do with FLISP?

Qualifying applicants may use FLISP to do one of the following:-

- ▶ buy an existing, new or old, residential property
- ▶ buy a vacant serviced residential stand, linked to an NHBRC registered homebuilder contract; or
- ▶ build a residential property on a self-owned serviced residential stand, through an NHBRC registered homebuilder

The once-off FLISP subsidy amount ranges between R10000 and R87000, depending on the applicant’s monthly income.

Who can apply?

Applicants intending to acquire residential property may apply for FLISP if they meet the following qualifying criteria:-

- ▶ South African citizen with a valid ID; or permanent residents with a valid permit
- ▶ over 18 years and competent to legally contract
- ▶ never have benefitted from a Government Housing Subsidy Scheme before
- ▶ have an Approval in Principle of home loan from an accredited South African financial institution
- ▶ first time home buyer, earning from R3 501 to R15 000 per month

FLISP is for residential properties in formal towns where transfer of ownership and registration of mortgage bond is recordable in the Deeds Office.

First time Homeowner Households earning R3 501 to 15000 per month have **Two Options** on how to use FLISP when buying or building residential property for an amount they qualify for, see below:

Option 1 = Accredited project developments	Option 2 = Open market Access
FLISP roll-out is linked to FLISP accredited development projects in the Province. Individuals identify properties in any of the accredited projects on the list.	Individuals may identify a property in the open market (new and existing properties) in line with the amount they qualify for within the FLISP criteria or may have acquired vacant serviced stand without government assistance and wish to obtain mortgage finance to construct the house
Beneficiary signs an offer to purchase for a house from an accredited developer and also completes a FLISP application form obtainable from the developer.	Beneficiary signs an offer to purchase with the seller directly or through an estate agent.

The Developer and/or the Estate Agent assists the beneficiary to **apply for a home loan** from the Lender.

The price of a property that can be financed through FLISP is determined by the joint household income of not more than R15k
